  - Short Bio:
    - Music For Hippies Of All Ages! Looking like a cross between Garth Hudson & Steve Earle, sounding like a cross between Alan Jackson & Jimmy Buffett, with his own unique voice, Johnny Bolo builds sweet audience connection with that soaring tenor voice & driving rhythm guitar. When he plays a train song (and he plays a few!) you hear the train a comin’! Great covers wending through the landscapes of classic alt-country, folk, rock and pop light up audiences, and Bolo originals touch hearts. “I get a real Blue Rodeo vibe...” Jackson J. Gardner, Producer
